JAMES ROGERS JOINS SCS AS VICE PRESIDENT/PROJECT EXECUTIVE

PASADENA, CA (July, 2010) - Seville Construction Services, Inc. (SCS) announced that James Rogers will be joining SCS as **Vice President/Project Executive**. Jim brings over 32 years of experience in program and project management, facilities, operations, and strategic planning. He has a proven record in effective management and organization, with extensive expertise in numerous facility types, including large capital construction programs for community colleges.

Jim spent the last two years successfully managing a \$620 million capital construction program for Los Angeles Valley College, one of the nine colleges in the Los Angeles Community College District. As Project Director for URS, his responsibilities included architect selection, master planning, and scheduling, estimating, as well as overall project management at the campus.

Prior to that Jim served as Program Manager at Maas Companies where Jim simultaneously managed \$820 million in capital construction programs for El Camino Community College District and College of the Desert.

As the Bond Program Manager for El Camino Community College District's first ever Construction Bond Measure, Jim provided leadership and management for the successful execution of the \$394 million Measure E Construction Program. Serving as the Program Manager for the College of the Desert Community College District's \$346.5 million Bond Program, Jim was charged with the planning and execution of the District's Facilities Master Plan. Jim also successfully oversaw the construction of two key facilities aimed for LEED Silver certification – ensuring that the District's focus of energy conservation and building "smart" buildings was achieved.

Jim has also served as Director of Facilities at Rio Hondo College in Whittier, CA. As part of the \$400 million capital program, which included the \$245 million Rio Hondo College bond initiative, Jim devised, sourced, and utilized innovative concepts to obtain \$600K in funds for equipment and supplies, resulting in vastly improved facility maintenance and an enhanced work environment.

"Jim brings many years of solid hands on program and project management experience, particularly in California Community College facilities," said Jeff Flores, President and CEO of SCS. "We look forward to utilizing his proven expertise in managing large teams and bond programs for Community College District clients."

Jim holds a M.B.A. in Business Administration from National University, California; an M.A. in National Security and Strategic Studies from the Naval War College, Rhode Island; and a B.S. from Pikeville College, Kentucky.
