SARA HILL JOINS SCS AS DIRECTOR OF BUSINESS DEVELOPMENT

PASADENA, CA (March, 2010) - Seville Construction Services, Inc. (SCS) announced that Sara Hill will be joining SCS as **Director of Business Development**. Sara brings nearly ten years of marketing and business development experience in the architecture, engineering, and construction industry. She has a successful track record of growing businesses through strategic relationship building, firm positioning and teaming, as well as recognizing and creating key project opportunities.

Sara most recently served as Business Development Manager for Rossetti Associates, an award winning nationally recognized architectural firm, where she focused on the higher education, civic, transportation and other public works sectors. She successfully restructured the company's strategy by expanding the firm's services to capitalize on long-term funding opportunities in California. Consequently the firm has been awarded multiple contracts in their new areas of business. She has previously held similar marketing and business development positions at Owen Group and ima+design group.

Sara holds a Bachelors of Arts Degree from California State University, Fullerton, with a major in business administration and a concentration in marketing. She is active in a number of professional affiliations including serving as President Elect for the Society for Marketing Professional Services (SMPS) Orange County Chapter, and serving on the Board for the Women's Transportation Seminar (WTS). She has also been active with Construction Management Association of America (CMAA) and the Design-Build Institute of America (DBIA).

"We are very fortunate to have Sara join our team. Sara will lead our Business Development activities and strategic planning throughout our core markets in California." said Jeff Flores, President and CEO of SCS. "Working hand in hand with our Regional and Area Managers, Sara will lead the initiative to expand our business, geographic reach and market presence as SCS continues to prove ourselves as leaders in our core markets."

Seville Construction Services (SCS) is a multidisciplinary planning, engineering and program/construction management firm known and respected for our work in facilities, transportation, aviation, water, energy projects. The firm offers planning, engineering and program/construction management for projects ranging from \$10 million to over \$20 billion. From educational, and aviation programs to world seaports, bridges and water supply facilities SCS is involved in designing, building and managing the construction of some of the country's largest and most complex construction projects.

SCS is headquartered in Pasadena, CA; the firm has offices throughout California, with experts in the fields of planning, engineering, program management and construction management services. For more about SCS, please visit us at www.sevillecs.com
