FOR IMMEDIATE RELEASE

news release //

HENRY AMIGABLE JOINS SCS AS SENIOR VICE PRESIDENT AND REGIONAL MANAGER

PASADENA, CA (April 6, 2009) – Seville Construction Services Inc. (SCS), announced the addition of Henry Amigable as the **Senior Vice President and Regional Manager** overseeing the San Diego and Inland Empire Region's, where he will be responsible for the oversight of SCS' offices in La Jolla and Ontario and various project offices throughout each region. He will focus on serving our existing and new clients throughout both regions, and will offer technical support to project teams in other regions as necessary.

In this new role Henry will also be a member of SCS's Executive Management Committee and manage operations and business development in his focus markets of K-12 and Higher Education. Henry brings over 21 years of experience in the construction industry, which include the management of numerous large scale K-12 and Community College Construction Bond Programs, utilizing alternate delivery methods such as Program Management, Design/Build, CM Multi-Prime, Agency CM, CM at Risk, and Lease-Leaseback (Ed. Code Section 17406).

Most recently Henry has served as the Vice President and District Manager for Gilbane Building Company. While working at Gilbane, Henry was responsible for the oversight and management of the Program Management team for the \$644 million Sweetwater Union High School District Bond Program, Southwestern Community College Music Building and Campus infrastructure projects, Palomar College Escondido Campus upgrades and Gilroy Unified School district \$100 million Lease-Lease back project, as well as having served as the Mobilization Manager for the PM/CM team on the \$490 million Foothill De Anza Community College Bond Program, among many more.

Prior to joining Gilbane, Henry served as a Senior Vice President for Douglas E. Barnhart, Inc., overseeing such programs as the \$250 million San Joaquin Delta College Bond program, Mt San Jacinto CM at Risk projects, Riverside Community College Digital Library project, Lodi Unified bond projects and Stockton Unified bond projects among many other medium to large K-12 and Community College Districts.

Henry started his career working with Parsons Corporation on large programs such as the Los Angeles World Airports expansion, the San Diego International Airport expansion, and the Los Angeles Metro Rail system expansion.

Henry is a graduate of California Polytechnic State University with a Bachelor of Science Degree in Construction Management, and he is also a Certified Construction Manager (CCM) by the Construction Management Association of America.

"We're extremely thrilled to have Henry join us as part of our Executive Team. He will be a critical part of our planned growth as we continue to establish ourselves as the premier provider of PM/CM services throughout California" said Jeff Flores, SCS President/CEO. "Henry is a proven leader in our industry and brings a wealth of construction knowledge on large complex programs and various delivery methods. Having served as PM, CM and GC on some of the California's largest K-12 and Community College Bond Programs, Henry will further enhance SCS's ability to serve our core markets and offer more value to our existing and future Clients". Flores continued to say, "Having someone like Henry as part of our team really shows what sets us apart from our competitors - it's the caliber of our people and the experience they bring."

--more--

Seville Construction Services (SCS) is a multidisciplinary planning, engineering and program/construction management firm known and respected for our work in facilities, transportation, aviation, water, energy projects. The firm offers planning, engineering and program/construction management for projects ranging from \$10 million to over \$20 billion.
