ROGER BANUELOS PROMOTED TO THE POSITION OF VICE PRESIDENT

PASADENA, CA (June 2009) – Seville Construction Services, Inc. (SCS) announced the promotion of Roger Banuelos to the position of Vice President.

In his new role, Roger will be Vice President and Community College Sector Manager focusing on operations and client development of SCS's ongoing higher education projects throughout the LA, Orange and Inland Empire regions.

Roger previously served as Project Director in support of SCS' involvement on the \$370 million Rancho Santiago Community College District Bond Program, as well as spearheading the firm's involvement on the \$350 million Riverside Community College District Bond Program.

Mr. Banuelos served from 2002-2007 as Deputy Project Director for Swinerton's Project Management assignment on the \$350 million bond program at Pierce College which was part of the overall \$6.1 billion LACCD Bond Program. Prior to that Roger was employed for over six years with Turner Construction where he served as both GC and Construction Project Manager on a variety of large projects including the USC Norris Dental Center, \$200 million City of LA Library Bond Program and the LAUSD K-12 Bond Program. He is well seasoned in Project Controls systems such as Primavera P3, Expedition, Suretrack and Prolog.

Roger has been in the construction industry for over 16 years and holds a Bachelor of Science degree in Civil Engineering from the University of Southern California, and a Masters of Arts in Organizational Management.

Roger is also the Chairman of the Wiseburn Unified School District's Citizens' Bond Oversight Committee, Board Member of the Wiseburn Education Foundation, and previously served on the Board of Directors for the Construction Management Association of America (Southern California Chapter) where he also served as Chairman of the Membership Committee.

"As we continue to strive to be the preferred provider for PM/CM services for education projects in California, it's imperative for us as a firm to properly allocate our best talent to management roles," explained SCS President/CEO Jeff Flores, in making the announcement. "Roger has been an integral member of the SCS team for over two years now and has a proven track record in delivering for our CCD clients. His proven technical capabilities and ability to interact with clients, stakeholders, and peers has earned him an esteemed place within our organization and a key member of our continued success."

Seville Construction Services (SCS) is ranked by Engineering News Record (ENR) as a Top 100 national CM firm and is a multidisciplinary planning, engineering and program/construction management known and respected for our work in facilities, transportation, aviation, water, and energy. From educational, and aviation programs to world seaports, bridges and water supply facilities SCS is involved in designing, building and managing the construction of some of the country's largest and most complex construction projects which range in construction value from \$10 million to over \$20 billion.

SCS is headquartered in Los Angeles, CA; the firm has offices throughout California, with experts in the fields of planning, engineering, program management, construction management and specialty technical services. For more about SCS, please visit us at www.sevillecs.com
