DAVID du MARS JOINS SCS AS MARKETING AND COMMUNICATIONS MANAGER

PASADENA, CA (January, 2010) - Seville Construction Services, Inc. (SCS) announced that David du Mars, will be joining SCS as **Marketing and Communications Manager**. David brings nearly 15 years of marketing, PR and business development experience in the architecture, design, and construction industry. With both an architecture education and work experience in the practice of architecture, David brings a close understanding of the design and technical aspects of the construction industry.

David is experienced in developing and implementing marketing, public relations and business development strategies for winning new projects, managing marketing groups, brand development and marketing collateral, and maintaining positive client relationships. He has worked for both individual design professionals as well as international architecture/engineering corporations, giving him a wide perspective of the design and construction business.

In the last seven years, David served as Marketing Manager for Leo A. Daly and Cannon Design, and previously held similar positions in marketing and public relations at Johnson Fain and DMJM.

He brings a close familiarity of a variety of public clients at many levels, including numerous State, County, and municipal government agencies throughout California. He has a proven track record of leading team members in the successful submission of proposals and client presentations for large public and private pursuits.

David holds both a Masters Degree in Architecture from the University of California, Los Angeles and a Bachelors of Arts Degree from the University of Massachusetts, Boston. He is part of several professional affiliations including the Society for Marketing Professional Services (SMPS) and the American Institute of Architects (AIA).

"We are very excited to have David join our SCS team" said Jeff Flores, President and CEO of SCS. "In addition to a great deal of enthusiasm, David brings a high professional standard to his work. He is a strong team player, and we look forward to working with him as SCS continues to expand our brand and geographic reach to prove ourselves as leaders in our core markets."

Seville Construction Services (SCS) is a multidisciplinary planning, engineering and program/construction management firm known and respected for our work in facilities, transportation, aviation, water, energy projects. The firm offers planning, engineering and program/construction management for projects ranging from \$10 million to over \$20 billion.

From educational, and aviation programs to world seaports, bridges and water supply facilities SCS is involved in designing, building and managing the construction of some of the country's largest and most complex construction projects.

SCS is headquartered in Pasadena, CA; the firm has offices throughout California, with experts in the fields of planning, engineering, program management and construction management services. For more about SCS, please visit us at www.sevillecs.com
